

DUSTY 650 & 850 ET - STH

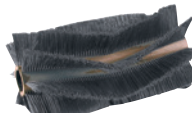

MOTORNE MAŠINE ZA METENJE SA PANELNIM FILTEROM
MOTORISED VACUUM SWEEPERS WITH PANEL FILTER

DUSTY 650-850 ET, STH - MOTORNE MAŠINE ZA METENJE SA PANELNIM FILTEROM

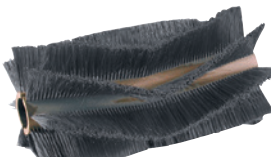

- Izrađene u električnoj verziji sa pogonom (ET) i u verziji sa benzinskim motorom i pogonom (STH), sa Honda motorom
- Model 650 ET ima tri motora, po jedan za svaku funkciju (usisavanje, četke, pogon)
- Verzija STH ima jedan snažan motor koji preko odgovarajućih mehaničkih prenosa pokreće sve funkcije
- Pogon kontroliše ručica pomoću ručice na upravljačkoj dršci
- Točkovi i ručka za transport posude za otpad
- ABS poklopac sa revizionim otvorom i prednjim branikom
- Prednji okretni točak sa parking kočnicom
- Podizač klapne za glomazan otpad
- Sistem filtriranja sa posebnim panelom od papira impregniranog smolom
- Ručni otresać filtera
- Centralna i bočna četka od polipropilena
- Podesiva centralna četka za prilagođavanje mašine vrsti poda koji se čisti.
- Komandna tabla sa ključem za paljenje i elektronskim indikatorom napunjenosti baterije (ET)
- Verzije na baterije imaju autonomiju rada promenljivu od min. 2,2/3 sata za mod. 650 ET do 3/3,5 sata za model 850 ET (sa preporučenim baterijama u potpuno napunjenom stanju)
- Available in electric models with traction (ET), combustion engine models powered by Honda with traction (STH)
- The 650 ET model has 3 independent motors for: vacuum, brushes, traction
- The STH model has one high power motor that sets in motion all functions through specific mechanical transfers
- Traction control on steering handle
- Waste hopper equipped with wheels and handle for easy transport
- ABS cover with inspection space and front bumper
- Front swivel caster with parking brake
- Flap lifting mechanism for waste pickup
- Convenient manual filter shaker
- Special filtration system with resin bonded paper filter panel
- Central and side brushes in polypropylene
- Adjustable centre brushes to adapt the sweeper to any type of floor
- Control panel with ignition-key and battery charge indicator for ET models
- Battery versions have a work autonomy from 2,2/3 hours in model 650 ET to 3/3,5 hours in model 850 ET (with fully charged recommende batteries)
